CASA LAGOS

HOUSE

LAGOS DEL MAR • PUNTA MITA

Considering the humid weather of the jungle area that surrounds Northern Banderas Bay, Casa Lagos' architectural design was conceived and built on higher grounds, fully open, with intertwined marble blocks for fresh floors, tall palapas and fine woods from the zone. This villa is oriented in such a way that it allows the wind blow from north to south, creating a fresh micro-climate all day long. Just close your eyes and it will feel as if you were standing on tree-tops. With a wonderful double view, this villa overlooks the Pacific Ocean to the south and the spectacular Jack Nicklaus golf course lake fairway to the north. Motivated Seller

SALE PRICE: USD \$ 2,695,000

5 BEDROOMS

6 BATHROOMS
